*A Bro shall be kind and courteous
to his co-workers, unless they are
beneath him on the Pyramid
of Screaming.*

America was built on the backs of men and women who were yelled at to work harder, and the tradition has been screamed from generation to generation. But you can't just scream at anybody . . . you can only scream at those beneath you. To illustrate how it works, here's the Scream Pyramid for a professional football team:

It's no different inside the office,
as exemplified by my own
corporate Scream Pyramid:

Here is a blank Scream Pyramid for you
to fill in. If you're not sure where
you fit, you can always trick a **Bro-
worker** into screaming at someone
and then see where the pieces
fall. That's how I figured out I
was above the VP
of Synergy.

IMPORTANT NOTE: If you find yourself at the bottom,
don't fret. The beauty of the pyramid is that you can always
add a layer to the foundation. The janitorial crew, the sleepy-
eyed security man, or anyone who doesn't speak English is a
great place to start.

ARTICLE 19

A Bro shall not sleep with another Bro's sister. However, a Bro shall not get angry if another Bro says, "Dude, your sister's hot!"

COROLLARY: It's probably best for everyone if Bros just hide pictures of their sisters when other Bros are coming over.

CHECKLIST FOR BRO-PROOFING YOUR HOME

- Hide all pictures of hot sisters, moms, and first cousins.
 - Open liquor bottles and dust the bar area to give the impression you actually use it.
 - As a courtesy, move printed porn from the bedroom to the bathroom.
 - Scan DVR playlist and remove embarrassing television programs like daytime talk shows.
 - Open all windows.
 - Display all remote controls on the coffee table, regardless of functionality.
 - Disconnect answering machine, or . . .
 - Call Mom an hour before your Bros arrive.
 - Coasters, coasters, coasters!
 - Sign out of email account.
 - Usher girlfriend/booty call off the premises.

The average relationship between a man and a woman lasts eighty-three days. The relationship between a man and his skin lasts a lifetime and must be nurtured, because as we all know, the skin is the largest and second most important organ a man has.

If I spoke or read this particular language, perhaps I could explain my perspective more clearly, but I guess you'll just have to take the scary-looking tattoo artist's word for it. I know I did."

"Hey, everybody, look at me! There's an important message inked on my fingers. It has to be ten letters or less and you can only read it when I'm waterskiing or getting arrested, but still, it's an important message that wholly represents my creed."

ARTICLE 48

A Bro never publicly reveals how many chicks he's banged.

COROLLARY: A Bro also never reveals how many chicks *another* Bro has banged.

When a chick meets a Bro, there are three things she wants to know:

1. How much money does he make?
2. Is he shorter than her?
3. How many chicks has he banged?

Eventually, she will figure out the first two, but a Bro never answers the third question. If, however, a Bro feels compelled to answer (i.e., sex is being withheld until he supplies a tally), he can calculate an acceptable number using the following formula:

**HOW MANY CHICKS IS IT SAFE FOR
A BRO TO SAY HE'S BANGED?**

$$n = (a/10 + s)^0 + 5$$

n = number of chicks

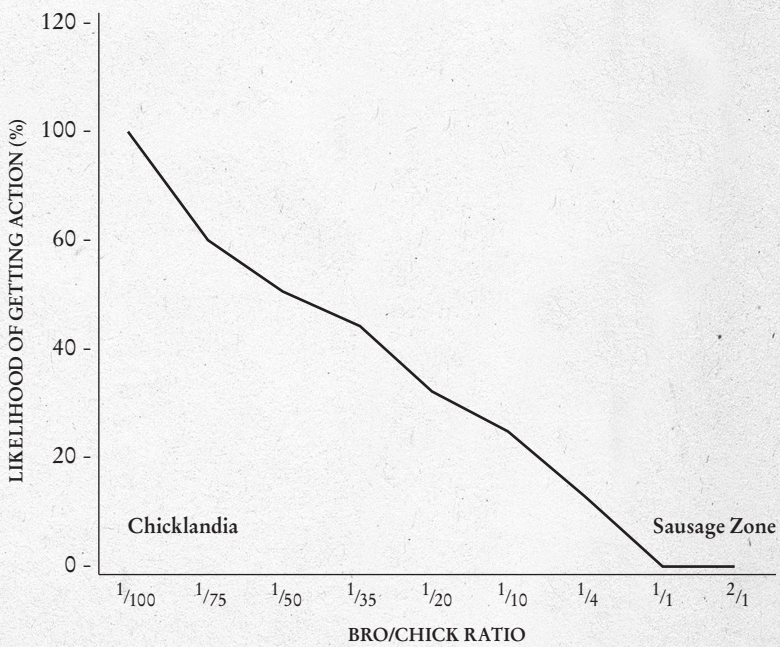

a = Bro's age

s = inquiring chick's slut factor (1 = nun, 10 = former nun)

☞ ARTICLE 56 ☞

A Bro is required to alert another Bro if the Bro/Chick Ratio at a party falls below 1:1. However, to avoid Broflation, a Bro is only allowed to alert one Bro. Further, a Bro may not speculate on the anticipated Bro/Chick Ratio of a party or venue without first disclosing the present-time observed ratio.

*A Bro automatically enhances
another Bro's job description
when introducing him to a chick.*

Chicks like to stretch the truth about their age, promiscuity, and sometimes—with the help of extensive makeup and structural lingerie—even their body shape. As such, it's fair game for Bros to exaggerate reality when asked about their **Profession**. It's also smart: a Bro's career is to a chick what a chick's boobs are to a Bro.

ARTICLE 86

When a Bro meets a chick, he shall endeavor to find out where she fits on the Hot/Crazy Scale before pursuing her.

The theory of evolution alleges that men evolved from monkeys . . . but what about women? It seems that as men became less hairy, more upright, and less interested in throwing their own poo, women became more attractive but somehow *more* crazy.

Today's chicks like to straddle the line between hot and crazy: the hotter they are, the crazier they are; the crazier they are, the hotter they seem. All of this is confusing to a Bro and, very often, dangerous. How is a Bro to know whether a chick is hot and crazy in a "let's duck into the bathroom" kind of way, or hot and crazy in a "let's huff paint and stalk your ex-girlfriends" kind of way?

Fortunately, I've devised a test that allows Bros to quickly determine where a chick fits on the Hot/Crazy Scale. Answer yes or no to each question in the columns, add up your "yes" answers, and then plot the coordinates on the Hot/Crazy Scale. Ideally, your chick is right on the line, but if she's anywhere above it, run away.

When out and about, you must be prepared to affirm anything a Bro tells a chick. “Yes, he’s single.” “Yes, we’re Navy SEALs.” “Yes, he invented Facebook.” While this usually entails stretching the truth about personal wealth, athletic prowess, or the ability to operate various aircraft, on occasion you’ll be required to pretend you’re from out of town. If you can stomach dressing up like someone’s dad, pretending to be a tourist in your own hometown is a great way to score chicks . . . if you’re ready with a believable backstory.

ACCEPTABLE AGE-DIFFERENCE FORMULA

A Bro will always help another Bro reconstruct the events from the previous night, unless those events entail hooking up with an ugly chick or the Bro repeatedly saying “I love you, man” to all his Bros.

MAC—Memory Assistance and/or Correction—often comes into play around the holidays because when people gather together with loved ones, the need to drink alcohol increases exponentially.

Halloween is a time when Bros are especially susceptible to memory loss due to the lethal combination of abundant sweet things, liquor, and of course, candy. In fact, one year I awoke with four new phone numbers but no idea who gave them to me. Fortunately, based on the times I saved the numbers into my phone and a few hazy memories of the four different costumes I wore at the party the night before, I was able to create a logic matrix.

I dressed up as a Viking, a ninja, Teddy Roosevelt, and of course my old standby, Gandhi, and in each costume I picked up a different chick: a slutty nun, a slutty Cinderella, a slutty slut, and a slutty some-kind-of-creature with ears and a tail.

p = number of pizzas (rounded up to nearest integer)

b = number of Bros (including yourself)

Equation assumes Bro hunger coefficient (b):

$$h(b) = \frac{m}{\Delta t}$$

m = gravitational mass of the Bro

Δt = time elapsed since Bro last ate

Equation assumes no hunger rate of change, which is fully
expressed in Stinson's Pizza Integral:

$$p(b) = \int_b^{\infty} \frac{\{1 + [b/(b+1)]\} \times 3.4}{8}$$
